Minimum Upshear, Maximum Quality Compression Style Router Bits

RobbJack Corporation introduces an addition to their standard line of compression style router bits. **The redesigned HB Series incorporates a minimal length upshear** for cabinetmakers that need the proper tool for mortising and cutting dados in cabinet panels *without sacrificing the surface quality*. These tools compliment RobbJack's original design of compression style router bits for high-performance machining of many different materials.

HB-401 Herringbone Routers/2+2 Flutes

Tool Number	Cutting Diameter	Shank Diameter	Cutting Length	Upshear Length	Overall Length
HB-401-08	1/4"	1/4"	3/4"	3/16"	2-1/2"
HB-401-12	3/8"	3/8"	1"	1/4"	2-1/2"
HB-401-16	1/2"	1/2"	1-1/8"	1/4"	3"
HB-401-20	5/8"	5/8"	1-5/16"	5/16"	4"
HB-401-24	3/4"	3/4"	1-5/16"	3/8"	4"

HB-402 Herringbone Routers/2+2 Flutes

Tool Number	Cutting Diameter	Shank Diameter	Cutting Length	Upshear Length	Overall Length
HB-402-08	1/4"	1/4"	3/4"	1/2"	2-1/2"
HB-402-12	3/8"	3/8"	1"	5/8"	2-1/2"
HB-402-16	1/2"	1/2"	1-1/8"	9/16"	3"
HB-402-20	5/8"	5/8"	1-5/16"	3/4"	4"
HB-402-24	3/4"	3/4"	1-5/16"	3/4"	4"

HB-404 Herringbone Routers/2+2 Flutes

Tool Number	Cutting Diameter	Shank Diameter	Cutting Length	Upshear Length	Overall Length
HB-404-16	1/2"	1/2"	1-5/16"	3/4"	3-1/2"
